

HANS KELLER

PHOTOGRAPHY

Hans Keller wurde 1959 in Frankfurt am Main geboren.
Nach seiner Ausbildung zum Schlosser findet er in den Achtzigern zur Fotografie.

Seine Anfänge im künstlerischen Bereich waren geprägt von dem Thema der Aktfotografie.
Heute bewegt er sich im Bereich des Stillife, wobei er viele Motive von seinen Reisen nach Andalusien mitbringt.

Den Bogen zu seinem Ausbildungsberuf schließt er, in dem er seine Stahl-Bilderrahmen selbst anfertigt.
Als freier Fotograf arbeitet er heute in seinem eigenem Studio in Frankfurt auf dem Gebiet der Werbung.

Bei seinen zahlreichen Ausstellungen erhält er immer wieder durch das positive Feedback die Motivation weiter zu gehen und seine fotografische Entwicklung fort zu setzen.

So sind im Laufe der Jahre über die Fotografien hinaus auch Videoinstallationen entstanden,
die zuletzt im Dezember 2009 in Frankfurt zu sehen waren.

Die besondere Kooperation mit Leonardo Hotels bietet ihm nun die Möglichkeit eine Retrospektive seiner Arbeiten als Gesamtausstellung zu präsentieren.

Hans Keller was born on December 9th, 1959, in Frankfurt am Main.
After his apprenticeship as a locksmith, he discovers his passion for photography in the 1980s.

His introduction in the field of artistic value led him to Sensual Art Photography.
Today, his focus lies in Still-Life Photography, even though he has captured many motives from his trip to Andalusia, in which he brought back home.

He closes the door to his initially learned occupation by starting to manufacture steel picture frames himself.
As a freelance photographer today, he works in his private studio in Frankfurt focusing in advertisement.

His motivation to keep striving for excellence in his photographic development is driven by the frequent positive feedback he receives in his numerous exhibitions.

Over the years with Photography, Video-Installations also came into existence, which were last shown in December 2009 in Frankfurt.

Through the outstanding cooperation with Leonardo Hotels, he now has a chance to present a retrospective portrayal of his work as a whole in one exhibition.
